### user's instructions

don't serve me wine  
you lunatic if you want me  
drunk  
tell me a story

### one floor below the moon

have no fear as you  
step alongside me into the elevator  
silly boy  
I will caress your cheek  
and put my finger on your lips  
in my eyes you'll see

the old ladies' visits  
and the moon's mouth  
you'll be all adrift in my hair  
and the bellboy will tell the tourists  
you'll have to take the stairs  
the elevator is jammed
