

Let's be normal

Poetry

Author: Anda Cadariu

Date: November 19th 2010

Let's be normal,

Mademoiselle.

The warmth and tenderness of the embrace

Will make us abnormal.

Let's be normal

And walk wherever people walk.

Let's eat what people eat.

And go to sleep together with them.

Let's wear clothes

And stop flying

Let's not carry stars in our minds

Let's stop dreaming.

This, mademoiselle

This makes us abnormal.
